

**THE ARCHITECTS CHOICE**

## Rectangular/Oval Handrail Installation

**Safety Requirements** Before installing, check with your local Council regarding specific balustrade and pool fence requirements. For further information visit [thearchitectschoice.com.au](http://thearchitectschoice.com.au)

Cutting handrail – measure from point shown

Handrail Straight Joints – Stagger top and base joints

**If you have corner joints start by fitting these, this will make it easier to measure straight lengths.**

### CORNER JOINTS

1. Separate the 2 parts of corner joint and fit base to corner post.
2. Mark and pre-drill holes in the base so they align with the screw flutes in the posts.
3. Using the screws provided fix to the post.
4. Roll-in the glazing rubber to secure the glass in place.
5. Fit your handrails as per handrail base fitting steps.

### HANDRAIL BASE FITTING

1. Measure and cut handrail to required length.  
NOTE: If fitting corner joints separate the 2 parts of the handrail prior to cutting as the top and bottom parts will need to be cut to different lengths.
2. Fit the handrail base to the top of the glass.  
NOTE: Ensure the captive rubber that comes pre-installed in the rail is on the inaccessible side (balustrade only) of the deck, this will make it easier to roll-in the glazing rubber later.
3. Pre-Drill holes in handrail base so they align with the screw flutes in the posts.

4. Screw the handrail base to the posts using screws provided.
5. Roll-in the glazing rubber to secure the glass in place. Warm soapy water and a spline roller helps to ease the rubber in.
6. Use the sleeved joiner provided with handrail to connect to next section if required. Any join in the base rail should be a maximum of 300mm from a post. (secure sleeve with rivets or screws) TIP: for a better finish stagger top and base joints.

### HANDRAIL TOP FITTING

1. Push top part of handrail to the base until it clicks in place.
2. Fit top part of any corner joints

Suitable for residential applications where the fall is less than 1 metre to ground level: for heights above 1 metre seek independent engineering advice and consult with your local building authority to determine suitability prior to installation. Suitable for external use only.

QUALITY ASSURED

## Warranty Information

### Limited Manufacturer's Warranty for Protector Premium Stainless Steel and Aluminium.

Our Goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

### The Warranty

The Supplier warrants that the Product is free from defects in workmanship and materials for the Warranty Period.

### What the Supplier must do if the Product is Defective

Subject to the conditions of warranty set out in clause 3, if the Product is found to be defective and is returned to the place of purchase at the purchaser's expense during the Warranty Period, the Supplier will repair or replace the Product free of charge.

### What the Purchaser must do to Claim Under the Warranty

In order to claim under the Warranty, the purchaser must:

- 3.1 Be able to show that the damage or defect has arisen solely from faulty materials or manufacture;
  - 3.2 Be able to show that the Product has not been misused, mistreated, damaged or neglected by physical means including but not limited to fair wear and tear, accidents or act of God after purchase;
  - 3.3 Be able to show that it has fulfilled its Product Maintenance Obligations;
  - 3.4 Be able to show that the Product has not been used in a manner inconsistent with the Prescribed Purpose;
  - 3.5 Be able to show that the Product has not at any time been:
    - a. attached to; nor
    - b. fixed to; nor
    - c. installed such that it is touching;
- Any other metallic objects or materials which are not steel;
- 3.6 Be able to show that the Product was inspected and accepted within forty eight (48) hours of the purchase;
  - 3.7 Be able to show that harsh abrasives including but not limited to hydrochloric acid have never come into contact with the Product;
  - 3.8 Be able to show that It was the original purchaser by production of the original receipt of purchase clearly showing the Date of Purchase;
  - 3.9 Pay all transportation charges incurred in returning defective Product (or parts thereof) for repair, together with the cost of returning them to the purchaser.

### Other Important Information in Relation to the Warranty

- 4.1 The Liability of the Supplier pursuant to this Warranty is (to the extent it is lawful to do so) limited to the cost of repair or replacement of the Product. The Supplier shall not in any circumstances be liable for physical or financial injury, loss or damage or for consequential loss or damage of any kind arising from the Product or its use or application by the purchaser.
- 4.2 This Warranty is non-transferable and does not apply to any purchaser who bought the product from a reseller or distributor not authorised by the Supplier, including but not limited to purchases from internet auction sites.
- 4.3 Should the Product prove to be irreparable, the Supplier reserves the right to substitute an equivalent product if available or to retract the Warranty if no replacement is available.
- 4.4 The benefits provided to the purchaser by the Warranty are in addition to other rights and remedies available to the purchaser

### Who is Giving the Warranty?

The entity giving the Warranty is:  
 Protector Premium  
 ACN 619 190 797  
 2a Page Street  
 Kunda Park QLD 4556  
 Phone: 03 8595 3713  
 Email: sales@protectorpremium.com.au

### Definitions

"the Date of Purchase" means the date the Product is purchased as evidenced by the properly dated receipt issued to the purchaser at the time of purchase.

"Product Maintenance Obligations" means washing down the Product with clean fresh warm water containing a mild detergent (non-acidic and non alkaline). Rinse well with fresh water removing any detergent residue paying particular attention to any areas that could retain residue. Care should be taken to avoid excessive amounts of water remaining in contact with your stainless steel. Abrasive materials or strong detergents must never be used to clean your stainless steel.

"The Product" means stainless steel or aluminium products including but not limited to fencing and balustrade systems.

"the Supplier" means Everton Australia Pty Ltd Trading as Protector Premium

"the Warranty Period" means twelve (12) months from the Date of Purchase;

"the Prescribed Purpose" means for use solely and exclusively for the intended purpose as outlined in the products installation instructions.

## Maintenance

Like all surfaces, stainless steel and aluminium requires cleaning to remove dirt and grime to keep it in pristine condition. The level of cleaning and maintenance required depends primarily on the environment, e.g. coastal situations, the surfaces will require regular washing to retain their good looks and prevent tea staining.

Environment	Posts/Mini-Posts
Seafront	Monthly
Coastal (within 5km of the coast)	6-12 months
Urban	6-12 months
Suburban Rural	As required to maintain appearance

**NOTE: Harsh abrasives should never be used on any polished metal surface.**

For further information regarding care and maintenance refer to our website.
